Office of Legislative Counsel

Monday - 5 January 1959

Talked with Miss Betty Goetz, Staff Director, Senate Disarmament Subcommittee, suggesting that as a possible solution to the problem of their desire to have [redacted] appear that the problem be merged with their request for the Agency to have representatives present. Under these circumstances, in Executive Session, we would have Dr. Scoville, [redacted] name as a CIA team. We, of course, would not wish [redacted] included as a CIA witness in any published form. Miss Goetz was of the firm view that this would be acceptable to Senator Humphrey since she believed it served their objectives. In addition, she requested the Agency appearance to be put off until some time during the last week of January. I assured her that this time would be satisfactory with the Agency. Miss Goetz will check out the matter with Senator Humphrey and advise further. STAT

Talked with Mr. Macomber, State Department, who had telephoned to give me a tentative schedule of dates of appearances before the full Senate Foreign Relations Committee. He had received this as a tentative plan from Carl Marcy. The tentative schedule is as follows: The Secretary of State on 14 January, Department of Defense on the 16th, the economic aspects on the 19th or 20th, and CIA on the 23rd. There is nothing firm about these dates but Macomber merely wanted to furnish them to us as soon as he had received them.
